## Materials

The only materials you need to get started with paper folding are:

1. Paper: You can use any type of paper, but origami paper is specially designed for folding and is easier to work with.
2. Scissors: Scissors are optional, but they can be used to cut paper into different shapes.
3. Ruler: A ruler can be used to measure and mark paper.

## Basic Folds

There are a few basic folds that are used in many origami projects. These folds include:

1. **Square fold:** To make a square fold, fold the paper in half diagonally, then unfold it. Next, fold the paper in half the other way diagonally, then unfold it again. You should now have a square with four creases.
2. **Triangle fold:** To make a triangle fold, fold the paper in half diagonally. Then, fold the bottom two corners of the triangle up to meet the top point. Unfold the paper and you should now have a triangle with three creases.
3. **Bird base:** The bird base is a common origami fold that is used to make a variety of objects. To make a bird base, fold the paper in half vertically. Then, fold the top two corners down to meet the bottom edge. Unfold the paper and you should now have a bird base with four creases.

## Easy Origami Projects

Once you have mastered the basic folds, you can start to make some simple origami projects. Here are a few ideas to get you started:

1. **Paper airplane:** A paper airplane is a classic origami project that is fun to make and fly. To make a paper airplane, follow these steps:
  - Start with a square piece of paper.
  - Fold the paper in half diagonally.
  - Unfold the paper and fold it in half the other way diagonally.

- Unfold the paper again.
  - Fold the top two corners of the paper down to meet the bottom edge.
  - Fold the bottom edge of the paper up to meet the top edge.
  - Fold the wings down.
  - Your paper airplane is now complete!
- **Paper crane:** The paper crane is a beautiful and symbolic origami project. To make a paper crane, follow these steps:
    - Start with a square piece of paper.
    - Fold the paper in half diagonally.
    - Unfold the paper and fold it in half the other way diagonally.
    - Unfold the paper again.
    - Fold the top two corners of the paper down to meet the bottom edge.
    - Fold the bottom edge of the paper up to meet the top edge.
    - Fold the wings down.
    - Fold the head and tail up.
    - Your paper crane is now complete!
- **Paper frog:** The paper frog is a fun and easy origami project that can hop around. To make a paper frog, follow these steps:
    - Start with a square piece of paper.
    - Fold the paper in half diagonally.

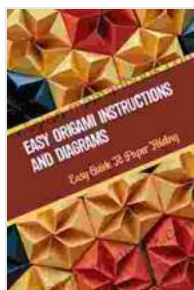

- Unfold the paper and fold it in half the other way diagonally.
- Unfold the paper again.
- Fold the top two corners of the paper down to meet the bottom edge.
- Fold the bottom edge of the paper up to meet the top edge.
- Fold the paper in half horizontally.
- Fold the top two corners of the paper down to meet the bottom edge.
- Fold the bottom edge of the paper up to meet the top edge.
- Fold the paper in half vertically.
- Fold the bottom two corners of the paper up to meet the top edge.
- Fold the top edge of the paper down to meet the bottom edge.
- Your paper frog is now complete!

## **Tips For Paper Folding**

Here are a few tips to help you get started with paper folding:

1. Start with simple projects and work your way up to more complex ones.
2. Be patient and don't get discouraged if you make mistakes.
3. Use a variety of papers to create different effects.
4. Experiment with different folds to create your own unique designs.
5. Share your origami creations with friends and family!

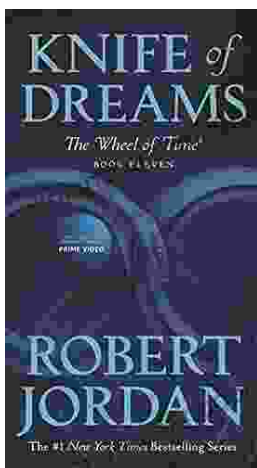

Paper folding is a fun and creative activity that can be enjoyed by people of all ages. With a little practice, you can learn to make a variety of objects out of paper, from simple toys to complex works of art. So what are you waiting for? Get started today and see what you can create!
