The PMP exam is rigorous and requires thorough preparation. Our comprehensive study guide will equip you with the knowledge, tools, and practice you need to pass the exam and become a certified PMP.

PMP Exam Overview

The PMP exam is administered by the Project Management Institute (PMI). It consists of 180 multiple-choice questions and is divided into three

domains:

- People (42%)
- Process (50%)
- Business Environment (8%)

The exam is timed, and candidates have 230 minutes to complete it.

Study Guide Structure

Our PMP study guide is organized into 13 chapters, each covering a specific topic area outlined in the PMI's Exam Content Outline. Each chapter includes:

- Detailed explanations of key concepts
- Real-world examples and case studies
- Practice questions
- Chapter summaries

The chapters are arranged in a logical sequence that builds upon your knowledge and understanding of project management.

Key Features

- **Comprehensive Coverage:** Covers all 13 chapters of the PMI's Exam Content Outline.
- **Expert Authorship:** Written by experienced PMP-certified professionals.

- **Real-World Focus:** Provides practical examples and case studies to reinforce learning.
