Early Life and Education

Thomas Paine was born on January 29, 1737, in Thetford, Norfolk, England. He was the son of a Quaker corset maker and a stay maker. Paine received only a basic education, but he was a voracious reader and

a gifted writer. He began his career as a stay maker, but he soon became involved in politics and journalism.

Career as a Revolutionary

In 1774, Paine published his first major political work, *Common Sense*. This pamphlet was a powerful argument for American independence from Great Britain. It was widely read and helped to rally support for the American Revolution. Paine followed up *Common Sense* with a series of other pamphlets, including *The Crisis* and *The Rights of Man*. These works further cemented his reputation as a leading revolutionary thinker.

In 1776, Paine joined the Continental Army and fought in the American Revolution. He served as a volunteer aide-de-camp to George Washington and wrote several important military tracts. After the war, Paine returned to England, where he continued to write and agitate for reform. He was elected to the French National Convention in 1792, but he was later arrested and imprisoned by the Reign of Terror.

Later Life and Legacy

Paine was released from prison in 1794 and returned to the United States. He continued to write and speak out on behalf of democracy and individual rights. He died in New York City in 1809, a controversial figure but a man who had made a significant contribution to American and French history.
